

CIRCULAR NO. 2/2016

USAGE OF OFFICIAL AND DECLARATION STAMPS FOR REGISTERED PRACTITIONER

1. The Board of Geologists Malaysia (BoG) has decided that all **Registered Practitioner** are required to use the official stamp and declaration that was agreed by BoG for the purpose of standardization.
2. Figure below shows a sample of official stamp with the required specifications. The official stamp shall incorporate information such as name (as in the BoG register record), the word 'Registered Practitioner (Geology)', and the certified registration number endorsed by BoG.

2.1 Official Stamp:

Official Stamp for Registered Practitioner

3. The official stamp must be in accordance with the specifications without any amendment. Only titles bestowed upon them such as Dato', Prof., Dr., are allowed. Academic qualifications for example BSc. (Hons) Geology, Phd, etc. shall not be included.

4. In addition to the official stamp, a Registered Practitioner may also make a declaration stamper with the standard declaration statement as shown in the following diagram.

4.1 Declaration Stamp:

I hereby certify that this document, report, plan, specification or map was prepared by me or under my direct supervision, and that I am a duly Registered Practitioner under the Geologists Act 2008.	
Name (in print) :	
Signature :	
Reg.No :	(Stamp)
Date :	Expiration Date :

Words– Font Arial (9 pt)
Box size – 60mm x 95mm

5. All Registered Practitioners are required to make their own standard stamps based on the diagram and specifications as illustrated. The stamps are to be used in all matters that require authentication and signature as a Registered Practitioner as set out in Section 27 of the Geologists Act 2008. The usage of the standard stamps shall be under your full control and responsibility and shall be enforced effective from 1st July 2016.

Thank you.

By Order of the Board,

HAMADI BIN CHE HARUN, PSK, P.Geol.

Registrar,
Board of Geologists
Malaysia.
